The Texas Education Agency (TEA) received approval from U.S. Department of Education (USDE) on March 30, 2020, to waive statewide assessment and accountability requirements under the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), for the 2019-2020 school year. Consequently, for 2020 state academic accountability, all Texas districts and campuses received a label of *Not Rated: Declared State of Disaster*. This is reflected in the academic standard, as well as in the overall score and tiering.

The Charter School Performance Framework report is an overall district-level report that is designed to provide parents, the public, charter operators, and the authorizer with information about each charter school's performance. The CSPF includes three standards that measure the academic, financial, and operational performance of a charter school. The [2020 Charter School Performance Framework Manual](#) describes the 2020 indicators, ratings, performance expectations, data sources, and other helpful information.
